

Catch the escapees!

Number of players: 2 or 3

How to play: With a coloured pen or pencil, take turns linking one padlock to another along a chain-line. If your chain-line completes a box, put your initial in the blank square in the lower right corner of that box.

If you box-in an 'escaping prisoners square', you win the bonus points shown.

Scoring: One point for each box containing your initial.
Plus any bonus points in your boxes.

The winner: The player with the most points when all lines are completed.
